

CDT EXAM PREP CLASS PROJECT DELIVERY EDUCATION PROGRAM

MIDDLE ATLANTIC REGIONAL CHAPTERS

The Project Delivery Education Program (PDEP) provides a comprehensive overview for anyone who writes, interprets, enforces, or manages construction documents. Project architects, contractors, contract administrators, material suppliers, and manufacturers' representatives realize the advantages of being Construction Documents Technologists.

By being able to understand and interpret written construction documents, Construction Document Technologists (CDTs) perform their jobs more effectively. By understanding the roles and relationships of all participants, CDTs improve communication among all members of the construction team.

Getting your CDT means:

- Adding “CDT” after your name, to your business card and to your resume
- Understanding how a project unfolds from conception to delivery
- Gain in-depth knowledge of the documentation involved

Virtual Teams Meeting format with expert lecturers for each topic who will be available to discuss topics. The PDEP is led by experienced industry professionals and is provided by instructors from the Middle Atlantic Regional Chapters.

The course covers the following subject material:

The construction process
Construction contract types
Modifications and substitution procedures
Contractual relationships
Rights, duties, and responsibilities
Contract provisions
Relationship and organization of construction documents
Use of construction documents
Organizational formats
Interpreting construction documents

FALL 2023 SCHEDULE

Class:	9 sessions starting Tuesday, September 12th

RICHMOND
CSI CHAPTER

Construction Documents Technology (CDT)

CDT credentials are evidence of proven knowledge, education, and experience with construction documents and project delivery. Holding a certification demonstrates professional commitment, credibility, and reliability to employers, colleagues, and clients.

Class Materials

All class participants are required to purchase:
the [Project Delivery Practice Guide, 3rd Edition](#) (PDPG)
the [CDT Study Workbook](#) (recommended)
and download the free [CDT Handbook](#)
All material is available at the [CSI Bookstore](#)

[Project Delivery Practice Guide, 3rd Edition](#)

The Project Delivery Practice Guide (PDPG) provides fundamental knowledge for the documentation, administration, and successful delivery of construction projects and focuses on leading project delivery methods and the steps in each to deliver quality work that fulfills owner intent. The PDPG will define the roles and responsibilities of every party, the deliverables during each phase of the facility life cycle, and the types of information flow that help ensure a successful project.

PDPG Pricing:

- CSI Member price (Printed Book and Electronic Copy): \$119
- CSI Member price (Electronic Copy): \$99
- Non-member price (Printed Book and Electronic Copy): \$169
- Non-member price (Electronic Copy): \$139

[CSI CDT Study Workbook \[Digital Workbook in PDF Format\]](#)

The CDT Study Workbook is designed to be used with the Project Delivery Practice Guide, 3rd Edition by candidates preparing for the Construction Documents Technology (CDT) Certification Exam. This digital workbook is comprised of interactive elements to enhance your learning experience.

Workbook features include:

- 100+ interactive learning activities
- 35 case studies for real-world knowledge application
- Self-assessments to customize your learning
- Inline answer key functionality
- Cross reference of PDPG sections, figures, and tables

Workbook Pricing:

- CSI Members = \$29.00
- Non-Members = \$49.00

CDT Handbook for Certification Candidates -PDF- FREE

The CDT Handbook for Certification Candidates is a free resource. It contains pertinent information regarding candidate requirements, application procedures, knowledge domains, reference materials, and CSI certification policies.
